HMFCU Saves Members Hundreds of Thousands of Dollars

This past summer, we at Houston Metropolitan Federal Credit Union set out to fulfill a growing need for our members: to help reduce their monthly loan payments.

As observed by our credit specialists, too many of our members were paying high interest rates on their auto loans. We saw the problem and came up with a solution; we would cut your auto rate in half during the summer!

At the end of the summer, the lending department was astonished at how much money we were able to save our members. We calculated that over the life of their loans, members will save over \$330,000 or \$4,300 per loan! Now that's something to get excited about!

If you currently don't have your auto loan with us or are ready to make a purchase, visit us at either of our locations or call us to speak with one of our credit specialists to see how much you can save.
